

Buenaflor (Flor) Nicolas
City Council Member – District 3

I'm honored to seek re-election as your District 3 Councilmember. Serving you and your family for eight years has deepened my commitment to our city. I have the experience necessary to solve challenging issues and improve our quality of life. South City has been my family's home for almost four decades.

My work at City Hall includes supporting the completion of our new Police Station and Library and Parks and Recreation building; maintaining ambulance service; approving major upgrades to Orange Park; investing your tax dollars responsibly in pothole repair, street repaving, pedestrian safety, and flood control; approving new housing, especially for seniors and young families; and planning for more childcare.

Our City is changing. I'll work with you to ensure our neighborhoods remain places where diversity is celebrated and every generation can thrive. My vision for a safe, vibrant South City includes continuing to provide top notch public safety and city services, protecting our environment, and supporting our vulnerable neighbors, particularly youth and seniors.

I'm passionate about driving positive changes and focused on continuing the important work we have started together. Your support will help ensure that our future remains bright. I would be honored to receive your vote.
