

City of South San Francisco
Human Resources Department

Administrative Assistant II

Class Description

Definition

Under general supervision, provides varied, complex, and confidential office administrative and secretarial support to a department head and related management, professional, and supervisory staff; provides office administrative support to the City Manager's Office; and does related work as required.

Distinguishing Characteristics

This is an executive secretarial classification, normally coordinating the office administrative work of a department in addition to personally performing multiple secretarial duties to ensure the efficient service provision of the assigned department. Responsibilities require the frequent use of tact, discretion, and independent judgement as well as a knowledge of departmental and City activities. Incumbents in the City Manager's Office are allocated to this class because of the scope and level of assigned responsibilities and the interaction with elected and appointed officials on an ongoing basis. This class is distinguished from other office administrative classes in that the nature, scope, and diversity of responsibilities originating at a departmental level require a broader understanding of City functions and the capability of relieving a department head and/or City management staff of day-to-day office administrative and coordinative duties. It is further distinguished from the class of Senior Administrative Assistant in that the latter has full supervisory responsibility for multiple staff members and/or technical support areas, which are not, assigned responsibilities of the class of Administrative Assistant II.
