

GLOWFORGE WORKSHOP

Saturday, August 16
LPR 2nd Floor

Digital Media Center

Want to learn more about our laser cutter and what you can make with it? Come on in and join us as we use Inkscape to create personalized name plates on the computer and then watch as our Glowforge laser cutter etches and cuts them out! We will have two sessions at 2:30pm and at 3:30pm. Program suitable for ages 12+.
