Coroner's Case Investigation

On November 6, 2025 at 8:45am, the South San Francisco Police Department responded to an address on Nursery Way to conduct a welfare check on the residents. Members of the Crisis Negotiations Team were able to make phone contact with someone inside from the residence and facilitate the safe exit of two individuals. As officers were escorting the two people to safety, they heard what sounded like two gun shots fired from within the home. The South San Francisco Police Department requested assistance from the North Central Regional SWAT team, who responded and provided additional resources. SWAT team members safely entered the residence and located a deceased male adult inside one of the rooms with what appeared to be a self-inflicted gunshot wound. The San Mateo County Coroner's Office is conducting an investigation to determine the cause and manner of the individual's death. As a precaution, a nearby middle school was placed on secure campus status until the investigation concluded. There are no active threats to the community and no outstanding suspects. Additionally, no law enforcement officers fired their weapons during this incident.
