

* CONSIDER PLANTING JASMINE NEAR BUILDINGS FOR PLEASANT SCENT

• WE NEED A PARK

MAXIMUM "GREEN"

- * NEED UNIVERSAL ADA DESIGN
- * NEIGHBORHOOD WALKABILITY IS SO IMPORTANT!
- * SURFACE PARKING IS CONVENIENT FOR MOMS WITH STROLLERS
- * CHILDCARE MUST BE A PRIORITY
- * SKYBRIDGE FROM PARKING TO CULTURAL CENTER
- * ENERGY EFFICIENT LIGHTING
- * OUTDOOR SEATING
- * NEED TO AVOID OVERLOADING TRAFFIC AT ECR/CHESTNUT. ARTOINETTE SHOULD CONNECT TO MISSION RD. IT WOULD BE GREAT TO EXTEND OAK AVE.

* OPTION A - SMALL CITY FELL

* "I DON'T WANT TO SEE ALL THE CARS..."

* CAMPUS IS TOO SMALL TO ACCOMMODATE ALL THE USES YOU WANT TO PUT IN THE BLDGS.

Please correct Option Plan A: it shows the project goes beyond the south side sidewalk of Arroyo

* MUST HAVE ENTRY ON ECR. (PUBLIC TRANSIT ACCESS) ✓

* THE INTERSECTION AT ECR/CHESTNUT MUST BE MADE SAFE TO CROSS, ESPECIALLY FOR CHILDREN AND PEOPLE WITH DISABILITIES. SITING CHILDRENS PROGRAMS NEXT TO A BUSY CORNER IS PROBLEMATIC

* OPTION B WOULD PROVIDE A PARK FOR SUNSHINE GARDENS

* NEED ALTERNATE WAY INTO CAMPUS THAT AVOIDS ECR.

* CENTENNIAL WAY NEEDS TO BE SAFE IF IT CROSSES OAK AVE.

 - FLUID NEEDS OVER TIME
- * MORE OPTIONS NEEDED FOR ART/MUSIC
- * PARKING MUST BE SAFE. OPTION C HAS THE BEST COMBINATION OF PARKING OPTIONS.
- * WIND CONTROLLER
- * NOT ENOUGH PARKING
- * EXTENDING OAK + ARROYO WOULD IMPROVE ACCESS FOR BURI BURI + SUNSHINE GARDENS, AND WOULD TAKE PRESSURE OFF CHESTNUT ✓
- * ECR IS TOO CONGESTED UNLESS OAK AVE. EXTENDED
- * NEED LARGE OPEN SPACE
